

Torpedo Bench

Product Code: WYTORPEDOBENCH

Height	430mm
Length	1900mm
Depth	502mm
Weight	35 kg
Construction Material	Steel & Iroko

The Torpedo Bench has an attractive appearance and looks great in contemporary locations. The bench consists of two steel end units with Iroko hardwood slats in between to give a chunky made to last feel.

Only FSC certified timber is used in the manufacture of this product. This allows the environmental impact of using timber products to be kept at a minimum by only using timber sourced from well managed forests.

The Torpedo Bench looks great with our Torpedo range of litter and recycling bins.

Timber Finishes

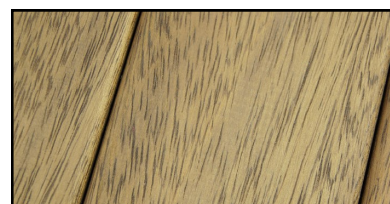

Natural Oak Finish

Friendly farmed Iroko hardwood in a natural oak finish.

Light Oak Finish

Friendly farmed Iroko hardwood in a light oak finish.

Dark Oak Finish

Friendly farmed Iroko hardwood in a dark oak finish.

Due to wood being a natural product, it may fade or warp over time. All wood products will require routine maintenance typically after 1 year of use. All timber used the construction of this products is fully FSC accredited.
